Mayor Rule Balks At Method Of Financing Civic Center

AGAIN THIS YEAR "Trails of Fashion" will be presented for the benefit of the Sierra Madre Search and Rescue Team at the home of Mr. and Mrs. William VanSiclen, 40 E. Lowell, on October 12, at 8 p.m. Funds from the event are earmarked for new equipment, much needed by the group, to continue in their active, volunteer mountain rescue work. The latest fashions, champagne and hors d'oeuvres should make a very enjoyable combination. Team members in formal clothes will accent gaily decorated tables and models: Mrs. Miner Harkness, Mrs. John Holcombe, Mrs. Bruce McElhose, Mrs. Gary Ewald and Mrs. Doug Templin. More information may be obtained by calling Mrs. Harkness, 355-2671. Pictured is Ray Smith, Mrs. John Holcombe, Mrs. Miner Harkness, Mrs. Doug Templin and Doug Templin.

Activity Starts Sunday, Oct. 6

Search and Rescue Days Demonstrations Scheduled

Search and Rescue Days will be observed in this area next week. The Sierra Madre City Council has set the week of October 6 to 13 as "Search and Rescue Days," when citizens will pay tribute to the Sierra Madre Search and Rescue Team and contribute to the support of the volunteer organization.

Bloodhound banks will be placed in Sierra Madre stores for the entire week, where shoppers will be invited to "feed the bloodhounds." With an annual operating expense of \$6,800

Senior Citizens Plan October

The September 28 meeting was a celebration for August and September birthdays. President Herman Dokken called the meeting to order at 11:50. Minnette Ring gave the invocation and led the group in the Lord's Prayer. Mr. Dokken, called for the Pledge of Allegiance to the Flag and with Mrs. Vivian Singleton at the piano, "God Bless America" and "Happy Birthday" was sung.

Members with birthdays during the last two months were seated at a flower-bedecked table with place cards, for Beulah Laughlin, Irene Gochee, Nina Dimmick, Mary Kasper, Bertha Billings, Myrtle Dokken, Nellie Holloway and Charles Newell. Chicken pies were served and sherbet for dessert. Door prizes were distributed by Charles Ring. When the business meeting was called to order, Dorothy Crouchley, read the minutes of the previous meeting, in the absence of

Many Methods of Financing Available, But Must Be Wishes of Electorate

by R. Robt. Evans

Upon contacting Norman Boehm, City Administrator, after the publishing of an article in the Los Angeles Times on Sunday of this week, concerning the new Civic Center, it is our opinion that this article was taken out of context. Mr. Boehm was contacted, as were several other city officials, regarding the method of financing called "Joint Public Authority." This is just one of many methods of financing city improvements, and does not necessarily mean that this would be the method chosen by the Finance Committee for the City of Sierra Madre.

When Mayor Ralph R. Rule was contacted regarding the above-mentioned article, he gave this newspaper the following statement:

United Crusade
United Crusade residents have started their rounds of Sierra Madre residential areas, according to Mrs. Lucy Young, Residential Campaign Chairman. When these neighbors come to call for United Crusade, welcome them, as they are giving their time and energy to a fund-raising drive which supports all the agencies of United Way and the American Red Cross. Help support United Crusade, which in turn helps one out of three persons in Los Angeles County.

Rounds Carpet In 50th Anniversary

Fifty years... a half century... a Golden Anniversary, whatever you choose to call it, it is a long time since Rounds opened their first store at Colorado and Roosevelt. Since 1918, if all the thousands of rugs and all the thousands of square yards of carpet were added up that have been supplied to Southern California homes, the figure would be huge.

At one time or another, Rounds has shipped carpet to every state in the Union and to almost every country in the world. Many of their customers travel great distances to reach their store, passing many carpet stores on their way. The firm is likewise respected in the carpet industry having been the recipient of many honors, including the National Retail Merit Award and the Silver Trumpet Award. Members of the firm have served on many industry and council boards.

Selection regularly runs between five and six hundred rolls of carpet to choose from. "Famous Name Carpets Since 1918" is not just an idle boast because the firm represents the major mills such as Bigelow, Lees, Mohawk, Masland, Alexander Smith, Flirth, etc. Many of their personnel

Youth Soccer To Open October 12

The opening of the American Youth Soccer Organization (AYSO) 1968-69 season is set for October 12, and a record number of over 2000 boys 7 through 15 years of age are expected to play.

The Arcadia-Sierra Madre region is registering players at two locations on September 28 and October 5 at 10 a.m. The locations are at Arcadia's Sierra Bonita and Sierra Madre's Sierra Mesa school playgrounds.

This region's activity expanded from four to 14 teams last year. This year further expansion will be

St. Rita's Guild To Hear Attorneys

"Living and Dying Legally" is the title for an informative discussion of the Law and its application to everyday situations. This inventive program will be presented at the October meeting of the St. Rita's Guild in Sierra Madre. Attorneys Louie E. Schweiner, Oliver F. Green and Lawrence J. Vanni will discuss and illustrate informally some of the influences of California law upon family life.

A departure from the regular daytime meeting schedule, this program will be held at 8 p.m. on Tuesday, October 8, in the school auditorium. Since it is of interest to both men and women, an invitation to attend is extended to all parishioners.

Also addressing the group will be Sister M. Corinne, O.S.F., principal of St. Rita's School, who will introduce the school faculty.

Room mothers of eighth grade students will serve refreshments.

Services Thursday For Louis Rosen

Sierra Madre Police Department was saddened to learn of the passing on September 30, of Louis J. Rosen, who has been a crossing guard for the past six years, being originally appointed by Chief Gordon MacMillan.

Mr. Rosen was a familiar figure in the business district and was a resident of Sierra Madre since 1922. He was a great humanitarian, active in temple work, and keenly interested in the problems of those around him.

Mr. Rosen's great concern for the welfare of children made him an outstanding guard at his post on Auburn and Sierra Madre Blvd. He knew most of his charges personally and the direction of their daily travels. Besides guiding them safely through the busy intersection, he would have a kind word of interest for each of his little charges. The grown-ups too would be treated to a ready smile and a friendly hello.

Mr. Rosen leaves his widow, three daughters, a son, two stepsons, grandchildren and great grandchildren. His funeral will be held on Thursday, October 3, with burial in Mt. Sinai Cemetery.

Sierra Madreans Meet: Police Officer Christensen

OFFICER CHRISTOPHER D. CHRISTENSEN
... Police Reserve Coordinator and in Charge of Police Photo Laboratory

Possessor of badge No. 2 on the Sierra Madre Police Department, Officer Christopher D. Christensen, is a native Californian, born and raised in the Pasadena area. In 1965 he married the "girl across the street," Mary Kay Rankin. Also a native Californian, born in Santa Monica, Mary and her family were neighbors of the Christensens in Altadena until moving to Glendora in the fifties. Incidentally, Mary Kay's father, Edward Rankin, was the organizer of the original Altadena Search and Rescue Team. In Glendora he helped form the San Dimas Search and Rescue Team and is responsible for helping and assisting form the Montrose area team. Mr. Rankin was also instrumental in helping the La Lone brothers when they were organizing Sierra Madre's famed Search and Rescue Team.

"Chris" as all call the big, friendly officer, had never thought about police work. A graduate of John Muir and RCC (1958) he studied Architecture and Engineering and ultimately planned

Ken Bettencourt Active In Vietnam

Prepare Your Family Now!

Fire Prevention Week Set For October 6 To Oct. 12

Firemen last year found many young fire victims huddled under beds or in closets.

These deaths might not have occurred had all the members of the family practiced an emergency escape plan.

A fire in the middle of the night can have a disastrous effect on your family if they are not prepared. If you haven't done so yet, it's time to set up an emergency escape plan that takes every alternative into consideration. You may find it worth the trouble.

Many of the more than 12,000 Americans who died last year in fires could have been saved had they known what to do before and during a fire.

M. Shadforth On Occidental College Tiger Taps

Margaret Anne Shadforth, the daughter of Mr. and Mrs. Robert Shadforth of 400 W. Montecito, has been selected as one of 20 Tiger Taps at Occidental College for the current academic year.

The college group, an honorary service organization for sophomore women at Occidental, aims to promote interest in campus activities and to aid in orientation of new women students. Membership in Tiger Taps is based on leadership, scholarship and participation in activities during the freshman year.

Miss Shadforth, a graduate of Pasadena High School, is majoring in history at Occidental and is considering a teaching career following graduation.

At its September 24 meeting the City Council heard the recommendation of the Capital Improvements Committee for the appointment of Robert Wood, AIA, as architect for a Recreation Activity Center to be constructed in Sierra Vista Park. This recommendation made by Councilman John Simons, a member of the Capital Improvements Committee and also the City Council's representative to the Parks and Recreation Commission, came as a result of a long-standing need for a community recreation building.

Recently, the city staff and the facilities committee to the Parks and Recreation Commission has been engaged in detailed studies regarding community's recreational facility needs. The survey and report on recreation in Sierra Madre completed earlier this year was also consulted and the committee's recommendation for such a building in Sierra Vista Park was unanimously endorsed by the full Parks and Recreation Commission.

In their report to the Parks and Recreation Commission as a whole, the facilities committee, consisting of Parks and Recreation Commissioners Ken Rempel and H. L. Dietrich, recommended a building approximately 5,000 square feet. The building will be designed to serve a wide variety of community recreational needs including a use as a teen center and also to provide smaller meeting rooms for scout troops and other groups wishing to meet informally.

Also featured will be a complimentary outside area for volleyball, basketball, badminton, and other sports. Sierra Madre Parks and Recreation Director, Richard Burton, reports that the Recreation Activity Center will be designed to handle the types of community recreation requiring activity and can include teen activities already mentioned, provide area for arts and crafts, include a snack bar to replace

the existing pool snack bar which has been condemned, can be used for such activities as swim and slim, jog and swim, weight training, tap dance, ballet, baton twirling, dances, and the like. The facility will be designed to accommodate all age groups including young people and senior citizens. The building will tie into the existing facility next to the swimming pool in Sierra

Fire Call Number 47

The 47th full response for the firefighters was set into action by Officer Christopher Christensen when he noted towering smoke and fire at 935 East Grandview, at 1:56 p.m. Wednesday, September 25. His remark on the radio was "Send the Fire Department... everything you got."

Engine 424 was first to answer the alarm and made the run in 4 minutes flat to find the curbing and avocado tree area in blaze and smoke. Engine 423, as back-up arrived one minute later, with truck 422 on the job upon arrival. Truck 421 arrived two minutes later.

Eleven regular firefighters and one reserve answered the alarm and used only 50 feet of 2 1/2 inch hose and 200 feet of booster line to completely contain the fire in one minute and 38 seconds after arrival.

Evidence of discarded cigarettes and matches were

Camp Fire Girls Installation Held Sept. 26

An enthusiastic "convention" of Camp Fire leaders, assistants and sponsors enjoyed a pot-luck dinner held by Sierra-Hastings District Committee last Thursday evening, September 26.

The Robert Andersons of Sierra Madre Villa were hosts to the gathering as new district committee members were installed and made ready to hit the campaign trail for Camp Fire. Mr. Roy Appleby, Camp Chiquita chairman for San Gabriel Valley Council of Camp Fire Girls, gave those present a first hand viewing of the proposed plans for developing the day camp facility at the top of Fair Oaks in Pasadena.

New district members installed were: Mrs. Robert Tallac, public relations chairman; Mrs. Huston Denlow, training chairman; Mrs. Walter Zais, product sales; Mrs. Roy Appleby, adult membership chairman; Mrs. Jack Kindred, day camp chairman at Chiquita; Mrs. Nell Devine, father-daughter banquets chairman. The food was delicious; everyone had a good time. Many thanks are extended to the retiring officers for their good work done.

You know, I actually think it wouldn't be a bad idea to put the designers of women's bathing suits and mini skirts in charge of cutting governmental budgets and expenses.

Anyway, Phil Watson, Los Angeles County Assessor, sure had everyone worried with his Proposition 9 to be on the ballot for November election.

CT—

All the big boys keep calling it the "Tax Trap." Honestly, they are running hither and yon, declaring what this cut in personal property taxes will do to future expenditures of the state, county and schools. Actually, as I see it, what they are really afraid of is "how will the tax money be divided," "where will my project fall," and "how will we be guaranteed a slice of the 'tax pie'."

Now all of us know we will have police protection, fire protection and we will have city government, but our elected officials may have to tighten up on such things as welfare, unemployment, personal dedicated bridges, and some of the frills and thrills of being an elected official.

I have seen very little from the opposition of Proposition 9, coming up with a substitute for the measure that will guarantee the property owner of some relief, except the handout proposed by the state that will return approximately \$70 to each taxpayer from a fund that they discovered in the state treasury.

Actually if you do receive the \$70, this will have to be declared as additional income to the federal government, so out of the \$215-Million returned by the state, you and I will have to send over 35-million of it to the Federal Government.

Most of us would be lucky to be left with a \$50 bill.

Now I ask you, what good would \$70 do a retired person, or one who is living on a fixed income, when he has been paying anywhere from \$400 to \$500 in personal property tax, and is in a threatening position of losing his home?

To us, Proposition 9 may be a tough one to work out, but the people are going to vote it in—this you can be sure of. Anytime you tell people that their taxes are going to be reduced one-half to two-thirds, they are going to vote yes. What comes after... well, they are willing to wait and see—it cannot be any worse than losing your home.

Personally I am a smoker, and I do a little imbibing in alcohol, and I do eat food, and should the "tax spenders" threaten and actually place as much as a \$2 a carton tax on cigarettes and a \$2 a fifth on booze and a sales tax on groceries, or a tax on anything else that I can control the spending, here is what would happen to me...

If I did not have the money, I would buy and smoke less cigarettes, I would certainly drink less booze, and instead of \$50 worth of groceries I would take home \$45 and pay the \$5 tax. These things I can control, or must control with the available money that I have, but...

I have absolutely no control on the taxes that are placed on my home. Here I must beg, borrow or steal

David C. Emerson USS Tucker

Navy Lieutenant David C. Emerson, USN, 27, son of Mr. and Mrs. Lloyd G. Emerson of 111 Suffolk Ave., and husband of the former Miss Nila Euzicuz of 24611 Avalon Blvd., Wilmington, is serving aboard the destroyer USS Henry W. Tucker operating in the Gulf of Tonkin off the coast of North Vietnam.

They are helping provide support for Operation Sea Dragon. The objective of Sea Dragon is to reduce the flow of enemy supplies transported by motor barges through inland and coastal waterways. Units participating in the operation also bombard and destroy enemy

bunkers and inland supply routes.

On the day the destroyer began its third deployment in the waters off the coast of North Vietnam, the ship was involved in gunfire suppression on enemy coastal gun sites. In company with the guided missile destroyer USS Berkeley, the Tucker provided the suppression fire while the Berkeley was firing further inland at coastal supply routes.

My husband came into the room where I was doing a little picking up the other day. He had the most unusual expression on his face and he just looked at me and said "Eric says that dunking donuts doesn't look as if it tastes good!"

He was just kind of in shock that his son would think such a dreadful thing. We both came from a long line of very talented dunkers. We are the type that can dip a roll or donut very deep into the cup and never soil our fingers and never, never have any unsightly drips on either cuff or shirt front, to say nothing of the chin.

This is truly a lost art. I believe it started to fade away just about the same time as the saucer of coffee. There too was a rare art to saucer the coffee and then get it back in the cup without spilling a drop on the table cloth.

Why I had a "saucer" and "dunking" grandmother that thought the best way to wean a baby was on thick cheese sandwiches dunked in coffee. Some of my earliest recollections of a rousing good fun time was to stay at her house. For a special treat she would take me down to the bakery where we would sit and dunk to our hearts content. I was never sure if my mother knew or approved of our exploits and I am reasonably sure I didn't tell her just in case.

Another fun thing to do was to buy tamales, fat, and round, and piping hot from the man with the little hand cart. That was real eating. The trick was to get home with them while they were still warm and smother them with ketchup.

The corner drug store was always a marvelous place to go with mixed up smells of cherry phosphate, malted milk and creamy ice cream kind of blended together with the antiseptic aroma of the drugs being compounded right on the spot. If you were terribly quiet the druggist might let you watch him with his mortar and pestle as he worked his magic... You could always count on seeing the gang over a coke or a soda as they drifted in and out.

That went out about the time that lace curtains and curtain stretchers reached their demise. There was something so reassuringly domestic to see the curtains all clean and sweet stretched out on their rack and nails to dry in the sun. That recalls the memory of ammonia water and sponges and clean sparkling windows with their countless little panes and dozens and dozens of corners.

My mother allowed me the privilege of cleaning all of those little corners and somehow she brain-washed me into thinking I was having a good time.

That was about the time of homemade wine. I was allowed to mash the grapes and skim the skum as it formed on the top. I was kind of a dumb kid. They even allowed as if it were real fun to put the tops on home brew and I agreed. Those were the days of REAL FUN. Guess we'll just have to teach Eric about some of the good things in life to do like donut dunking and window corner cleaning. This boy hasn't lived yet!

Last call for the Hastings Ranch Nursery School Annual Bridge Tournament. They will begin their first games on October 5th and I have learned that there are still a few places available.

You may not be aware of the fact that you do not have to be a member of the association to join the tournament, matter of fact you don't even have to be a parent. Everyone is welcome and from past years I can guarantee that it will be a most enjoyable association. As in prior years they will have a ladies day group and an evening group. The couples group will be played at night. They are even going to try and have bridge lessons if enough people show interest.

For further information call Mrs. Edward Riordan at 798-8083.

Bridge Benefit

Sar Gabriel Valley bridge players can enjoy a good bridge game with friends and at the same time help the crippled children at Orthopaedic Hospital. A tournament is being sponsored by the Sierra Madre Auxiliary of the Crippled Children's Guild under the chairmanship of Mrs. Roy W. Lindberg.

Daytime flights will be scheduled for women only and evening flights for both women and mixed couples. Playing times will be arranged at the convenience of each host. The matches will be held monthly beginning in November, with the exception of December. The date of the final play-off will be set at the end of the flights.

I'll give you a gourmet tip on the celery. Cut cleaned celery into one inch slices and then take each piece and cut down lengthwise until it is almost cut thru. Make five or six cuts in each piece and then put it in ice water in the refrigerator for about an hour and each little piece will spread out and form a little fan. It is still the same old celery, but my how attractive it looks.

Those attending the luncheon were Phyllis Hoffman, Marge Swain, Arlene Pielemeier, Marlene Hollinsworth, and the guest for the day was Janet Favinger.

Mrs. Marshall Harris decided that a nice graduation trip for her daughter Sue would be to take her on a real special trip. They chose a tour of Mexico as the place they'd like most to visit. Mexico City, Guadalajara and Puerto Vallarta areas were where they concentrated their sightseeing. I asked her which section they enjoyed the most and she said Mexico City with all of the preparations for the coming Olympics. She said it was just fabulous. Accompanying them on the trip was Mrs. Harris' mother, Mrs. Melvin Meier.

The Kinneloa Canyon Association had their last meeting with this board last week at the home of Mr. and Mrs. Brewster Benedict. The meeting was a recap of the past year's activities and plans for the coming year. It was followed by a luncheon for the entire group. Next meeting they will have the presentation of the new officers and board members.

For Orthopaedic

Each player is asked to donate \$1 per match. All proceeds will be given to the Orthopaedic Hospital. Further information can be obtained and reservations made by calling Mr. Roy Lindberg, 355-9462, or Mrs. Robert Mitchell, 355-2946.

Fire Side

Ole Grippi missed out on that one.

— SMVFD —
Well they say "bad luck" runs in threes and we have had three fires for the week of September 22-25, so we cannot have anymore during September cause the Secretary does not have any more room on his "Poop" sheet to record 'em . . . So take note all residents, hold off your fires until October, this is a must.

Double Ring Ceremony Unite Couple In Holy Matrimony In Aug. Wedding

MR and MRS. KEN ROESS OESCHLAGER
... Nee Miss Sharon J. Cummings

Sharon J. Cummings became the bride of Ken Roess Oeschlager in a double ring ceremony in St. Thomas Aquinas Chapel, Ojai.

The bride, the former Miss Sharon Cummings, is a daughter of Mr. and Mrs. W. F. Cummings, 212 Del Norte Road, Ojai. Her husband is the son of Mr. and Mrs. R. T. Oeschlager of Bel-Air and nephew of Mr. David Roess, Sierra Madre.

Given in marriage by her father, the bride wore a white lace gown. She carried white carnations and yellow roses, with a family heirloom gold rosary. Completing her ensemble was a

gold rose pendant, a gift from her husband.

Miss Cynthia Cummings of Ojai was her sister's maid of honor. Bridesmaids were Miss Kathie Cummings and Miss Sandy Cummings, also sisters of the bride, and Sierra Madre, cousin of the bridegroom. Flower girls were Margaret and Martha, daughters of Mr. and Mrs. A. E. Peter Jr. of Houston. Mike Oeschlager, son of Mr. and Mrs. Oeschlager, was ringbearer.

Eric Oeschlager was best man for his brother. Ushers were Fred Roess of Sierra Madre, cousin of the bridegroom; Don Cummings of Chula Vista, cousin of the bride, and Don Lightfoot of Tucson, Arizona.

The bride was graduated from the University of California at Berkeley in 1965 with a B.S. in dietetics. She was a member of Prytanean Honor Society and Student Senate. After interning at Veterans Hospital in Houston, Texas, she is employed as a dietitian at an Fernando Veterans Hospital.

The bridegroom was graduated from San Jose State College in 1963 with a degree in accounting and finance. He was a member of Alpha Eta Sigma, accountants' honor society. He is a marketing representative of Service Bureau Corporation, a subsidiary of IBM.

A champagne luncheon for 150 guests followed the ceremony at the Ojai Valley Inn and country Club. After the ceremony, the couple left for a honeymoon in Santa Barbara and on Catalina Island. They returned to their new residence at 235 S. Frederic in Burbank on Aug. 26.

Out-of-town relatives and friends attending were: Mrs. T. F. Cummings of St. Paul, Minn., grandmother of the bride; Mrs. A. E. Peter Sr., Houston, Tex., grandmother of the bride; Mr. and Mrs. Eric Oeschlager and Mike of Cerritos; Mr. and Mrs. David Roess, Fred, Mary Ann, Jay and Ruth of Sierra Madre; Miss Clara Sykes and Mrs. Hazel Cowart, also of Sierra Madre; Mr. and Mrs. Gary Miller of Yucca Valley; Mrs. Levi Knight, Mr. and Mrs. Allen Diamond, Mr. and Mrs. William Murdock of Bel-Air; Mrs. Owen Martin of West Los Angeles; Mr. and Mrs. Paul Converse of Brentwood, and Mr. and Mrs. Richard Lightfoot of Riviera.

Columbus Day Dinner Dance By S.M. Knights

Mr. Antonio Iacino announced recently that the annual Columbus Day dinner dance, sponsored by the Sierra Madre Knights of Columbus, will be held at La Salle High School on October 12. The school is located at Sierra Madre Boulevard and Michillinda Avenue, Pasadena.

Preceded by a social hour from 7 to 8 p.m., a gourmet Italian dinner will be served at 8 p.m. Dancing will follow from 9 p.m. to 1 a.m.

Tickets may be obtained from Mr. Iacino by calling 355-2568 or Tony Depasco 355-0474. Mr. Iacino suggests that groups desiring special table reservations obtain their tickets without delay to be assured of their desired locations. Donation is \$2.50 per person.

Shakespeare Club Activity Briefs

The Shakespeare Club of Pasadena will have their first regular Tuesday luncheon of the fall season in Stratford House, October 8 at noon. Invocation by Mrs. Brown S. McPherson. The chairman says: "We are indeed privileged to have a member of the Pasadena vice squad give an up to date report on narcotics in our city and the nation." The officer will be introduced by Mrs. Calvin S. Elliott, chairman.

Mrs. Harold D. Wiener, president, will preside at both the noon luncheon and the entertainment program to be held in the auditorium at 1:45 p.m.

Mrs. Joseph E. Welch, program chairman will introduce the outstanding young guest speaker, Mr. George Stuart, who will entertain the guests with a lecture-demonstration of his near-living historical figures. "You will not want to miss this remarkable, clever presentation. Mr. Stuart had the distinction of serving on the staff of Smithsonian Institution while in Washington, D.C.," notes Mrs. Welch.

Friday, October 11 at 2:30 p.m. the Piano Study Group meets in Stratford House. It should be another interesting year for lovers of music, activity, interpretation, creative writing and playing. Mrs. William M. Oates will relate many interesting events in the life of the celebrated artist, Mary Costa.

Pasadena Federal Officer To Attend Sidney Convention

E. K. Davis, president of Pasadena Federal Savings and Loan Association will attend the International Congress of Building Societies and Savings Associations in Sidney, Australia, which will be held October 20-25.

Davis was selected as one of the official delegates from the United States. Accompanying Mr. and Mrs. Davis are Mr. and Mrs. R. J. Heimann, and Mr. and Mrs. J. H. Mutchler, of Pasadena. Both men are directors of Pasadena Federal Savings.

The party, leaving October 4, will visit Japan and other parts of the Orient before arriving in Sidney.

Baton Twirling Starts October 17

The Pasadena Department of Recreation is sponsoring classes in beginning and intermediate baton twirling, starting October 17, at the Jefferson Recreation Center, 1501 East Villa.

Miss Margaret Hess will instruct in the basic fundamentals of baton twirling. Miss Hess has won over 200 medals and trophies.

Registration must be made prior to October 11, at the Jefferson Recreation Center, 1501 East Villa St., and information on these and other baton classes may be obtained by calling 793-9177.

Immunization Clinic Set For Altadena School

The first Community Immunization Clinic ever to be held in the Monrovia District, Los Angeles County Health Department, will take place at Franklin School, 527 Ventura Street, Altadena, on Thursday, October 3, from 6:30 to 9 p.m.

Under the direction of Dr. Chester C. Burski, District Health Officer, immunizations against measles, diphtheria, tetanus, whooping cough and polio will be offered free to all under the age of 18.

Dr. Gertrude Fox, director of health education and health services, and supervising physician for the Pasadena City Schools, has participated in planning for the clinic. A cooperative effort by the Monrovia Health District and the Pasadena community, the clinic will utilize the services of many volunteers, under the supervision of a public health physician. Mrs. Joan M. Davidson, chairman of the Nursing Department at Pasadena City College, and six senior student nurses will assist in medical preparation, while Mrs. Marvin Trepp, PTA president, will head a group of PTA volunteers assisting in the processing.

Since state law requires measles and polio immunizations for school admission, parents of any children who have not been immunized against these serious diseases are urged to take advantage of this opportunity. Minors must be accompanied by their parent or legal guardian.

Peter Lassen

Lassen County, Mt. Lassen, and Lassen Volcanic National Park are all reported to have been named for Peter Lassen, early Danish pioneer in this northern California area.

Crib Crop

Congratulations to the Junior William (Carolyn) Schmitts, of 25 Victoria Lane. Their first-born, a boy, was born at the Methodist Hospital in Arcadia on September 21. Michael Allen weighed 7 pounds 10 ounces at birth. His paternal grandparents are Mr. and Mrs. William Schmitt, Sr. of Los Angeles, while maternal grandparents don't live quite that close; Mr. and Mrs. Lloyd Kezar are way on the other side of the United States in Newport, Vermont. Guess congratulations are in order for them too, as little Michael is their (the Kezars) first grandchild!

Eloie Roger Gile weighing 9 pounds 1 ounce, arrived in this ole world on September 17 at the Methodist Hospital in Arcadia. His mother and father are Ronald and Carol Gile of 747 Brookside Lane who have resided in this community for three years. In addition to pleasing his parents, "big" brothers, Cyrus, 6, and Tad, 4½, greeted his arrival with pride and excitement. Maternal grandparents are Mr. and Mrs. Henry Meunier of Massachusetts while the paternal grandparents, Mr. and Mrs. Harry Gile, live a good deal closer — Los Angeles.

Woman's League Meets Oct. 7

"Culture is Fun" according to Mrs. C. Bernard Cooper, wife of the Mayor of Pasadena, who will address the Woman's Civic League on that subject, Monday, October 7, in the Women's City Club, 160 N. Oakland Ave.

This program will keynote the League's theme for the year, "Culture From the Woman's Viewpoint." An innovation this year will be a short business session following the monthly luncheon and preceding the programs. These luncheons are held the first Monday of every month from October to June and members are privileged to bring guests, according to Mrs. Howard W. Powley, newly-elected president.

Mrs. Cooper is known as "Maudie Prickett" in stage, television, screen and radio circles. She has appeared in more than 50 stage plays and 300 motion picture and television shows.

In addition to her professional activities and her home, Mrs. Cooper is active in cultural and civic organizations, being the first president of the newly-organized "Arts Council of Pasadena."

BYRON HOPPER Presents

You thought he loved you.

Now you know.

And the choice of a beautiful ArtCarved diamond ring will prove it to one and all. He made a very important decision when he chose you, and now you both can make a very wise decision by choosing an ArtCarved diamond.

Why an ArtCarved? Because of its rare combination of beauty and quality. First come into our store and look over our ArtCarved collection. Hold some of the rings in your hand. Try several on. All of a sudden one will seem to say "I love you." And when that happens, we will tell you all about the ArtCarved Permanent Value Plan which reassures you of the worth of your diamond, and even permits you to apply its full retail value in trade on a more expensive ArtCarved diamond at any time in the future.* Then when you purchase your diamond, you'll know for sure you've made the right decision.

*Provided the guarantee stub is filled in and the registration stub is filed with ArtCarved at the time of the original purchase.

Fire Call

discovered, possibly some automobile driver dumping their ash tray with lighted cigarette. Chief Charles Brown declared no damage and released the men at 2:36 to return equipment to the station.

Earlier in the day, at approximately 12:45 someone attempted to set the service station of Al Foxton Chevrolet on fire by lighting the paper container in the men's rest room. The walls of metal received smoke and scorch damage. This was the 54th call for Fire Prevention and 47 for fire suppression or 101 in all for the year.

have built such a large repeat and referral trade that it alone keeps them busy. Some of their people have served three generations in the same family. In addition to retail trade, they number many fine commercial firms as regular customers.
Their business has truly been built on quality, service and integrity in a good solid city, so they look forward to a continuing program of improvement and satisfying their customer's needs.

Senior Citizens

Millie Freislinger. The treasure's report was given by Pearl Patterson. Helen Hill, first vice president greeted the members and told how glad she was to see so many present. Vivian Singleton thanked Nina Dimmick and Lola Bullock for the flowers. Minette Ring and Charles Newell told of a few places still available for a trip to Oak Glen on October 9.

Lucy Fergin told about Pearl Smith who has had an eye injury, and the club was happy to have Beulah Laughlin with them. Helen Hill told of visiting Helen Bonn at Parkwood and said Helen would like some one to drop by for a game of bridge. Mr. Dokken told again of the Harvest Time picnic to be held at Arcadia County Park on October 15 from 10 a.m. to 3:30 p.m. All are welcome but you should take your own lunch and beverage. Games will be played and prizes for costumes, table decorations and there will be dancing in the afternoon at the club house.

Following the business meeting the group adjourned for an afternoon of games.

Mayor Rule Buks

City Council, will name a Finance Committee which will undertake an independent study of all avenues of financing open to us, and will make its recommendations at a joint meeting of the City Council and the Development Committee.

"The Finance Committee will be asked to study the following methods of financing the Civic Center. But the range of its study can be broadened to include any other types of financing and/or serious suggestions given to the committee by interested persons or institutions.

"Out of current revenue (cash);
"Bonds;
"Lease back agreement;
"Joint Powers Authority;
"Temporary borrowing;
"PERS (retirement fund);
"Sinking fund;
"Lease from individual owner.
"I hope that the Finance Committee can be appointed and its study underway by October 15, 1968."

Going up fast!

With a little bit o' luck our headquarters building at Lake Avenue and Walnut Street should be open to old friends, and new, by year end. There'll be an open house, of course, and we'll be expecting you. Watch for the announcement... In the meantime, please do drop in at our present headquarters, Los Robles and Green. Here you'll find our

service is just as friendly and efficient as it has always been since we opened our doors in 1934—the first federally chartered association in Pasadena. Remember, too, we pay the nation's highest earnings on insured accounts—which may be opened for as little as \$5.00, with all accounts insured up to \$15,000 by an agency of the federal government.

FIRE SIDE

By One of the Boys

"Hey Charley Brown, the fire's thata way." Those were the remarks of the acting Engineer on Engine 423 Wednesday afternoon as it was being dispatched to a fire at 935 East Grandview.

— SMVFD —

With full red lights and siren blowing Engine 423 chose to take the Baldwin route to East Grandview and as he turned onto Baldwin he noticed Fire Chief Brown and Truck 421 full of firefighters going South on Baldwin . . . so he pulled up and stopped, asked the time, as his watch was a little off, and then directed the Chief to the fire.

— SMVFD —

Well, it almost happened like that, in fact it did happen like that. You see at Sierra Engineering all the boys hear is "FIRE CALL" and they dash madly for Charlie's truck. Directions are generally obtained from the radio in the truck, but this day the wind was blowing, and I guess the reception was not too good. Anyway, everyone arrived at the fire in time to be counted on the roll, clean up the equipment and squirt a little water, so I really guess that is all that counts.

— SMVFD —

Did you ever get yanked out of bed by the collar from a wiff of brush smoke . . . it's a terrible sensation . . . Almost as bad as

having Firefighter Evans, you know the early bird on the department, up around 4 a.m., yank you out of bed via the phone and try and inform you the hills all around you are on fire and about that time have the Forest Service roll one of their heavy rigs through town 60 miles an hour with full siren and horn . . . you just come close to climbing the walls. Besides that you have to go and your wife washed your fire pants which are not dry yet.

— SMVFD —

Anyway, at this writing, we were saved again, many, many thanks to the Los Angeles County Firefighters, the Forest Service, Arcadia and Monrovia kept it away from Sierra Madre.

— SMVFD —

You know the Secretary of the Sierra Madre Firefighters was showing me the records, the other day, and I was certainly proud of one of our members, Mike Tyler. Mike has never missed a fire, he has never missed a drill and he has never missed a meeting all this year, and this is a record that only he can be proud of, no one else has accomplished this fine service record.

— SMVFD —

As you read this you should be preparing for Fire Prevention Week that will start this Sunday and run until the following Saturday. Your Fire Prevention Bureau will ask you to lend them a hand, and they will be going to four schools this year for a demonstration. These will be held at 10 a.m. and 2 p.m. on Thursday and Friday and will be at Sierra Mesa, Sierra Madre, St. Rita's and Alverno.

— SMVFD —

Then again on Saturday, October 12, Fire Prevention will ask you to don your pretty blue uniforms and assist them at the downtown station. Kinda help instruct the boys, girls and adults about our Engines and equipment. Let the Secretary know your available hours. He will appreciate your presence and help.

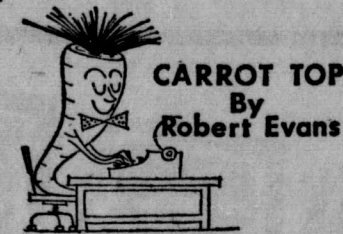

— SMVFD —

We were happy to see Moe Thomas out to one of our calls recently. Moe, at one time was a regular of Sierra Madre, until he went high brow and joined Los Angeles. Guess the pay must have been better there, or maybe it is the same, but they don't have a person like Joseph Grippi to take it all away from you, a nickel and a dime at a time. Anyway, happy to see you Moe, your help was appreciated.

— SMVFD —

Say, did you ever have to go, but just couldn't? That was the way it was with Firefighter Len Hall a week ago Monday, as the fire horn sounded . . . He was at the doctor's office with his wife . . . The horn blew, Len ran first to the door, then back to the doctor's door and listened and back to the front door . . . I guess from what they tell me he must have kept this up for quite some time. The doctor is now replacing the rug in the waiting room. Len did arrive as the engines were being restored to the station. Sweat was pouring from his weary brow . . . He did save the buck . . .

the money to pay the taxes on December 10 and April 10, or they take my home away from me. I cannot economize on tax expenditures. I am told what I owe and the time I must pay it . . . or else.

— CT —

Back in 1939-40-41-42 and so on I owned a newspaper in the State of Washington, and this was the time when they sponsored the 40-mill tax limitation on personal property. Where I now pay a personal property tax of \$1,692, this limitation, if placed on California property, would have me paying \$256.

— CT —

Boy, how the tax spending agencies cried and screamed, no schools, no police protection, no city government, no roads, no bridges, no welfare, no nothing. In fact, the state was going to dry up and blow away.

— CT —

Well, before this measure went to the people for a vote, the taxing agencies did get an amendment to the measure that to be effective it must be voted each two years for the next eight years. Any year that it failed, the whole thing would be nullified.

— CT —

Just like the people of California are going to do, each and every year the measure passed by a majority of 10 to 1, and finally it became permanent.

— CT —

Back in 1967 I had the opportunity to visit the state . . . It's a beautiful state, adequate State Highway Patrol, new cities with streets, parks, new city buildings, they took care of the necessary welfare, they did have a sales tax on groceries and other commodities, but everything seemed normal, and in talking with several city managers I find that they had very little trouble providing the necessary services to their cities that made them a well-run city.

— CT —

As I am told, over \$3-million has been gathered together to fight this measure in California, and I will certainly be entertained as to just what they will try to tell us, and what they try to give us to get us to vote No on Proposition 9. Poor Phil Watson will have all the pressures in the world placed upon him. Personally, I doubt very much that he is thinking much about the governorship of California, but if he is successful in putting across Proposition 9 and the people are convinced that the state can be run by cutting personal property taxes 50 percent, then I think he is entitled to run for the office . . . and he just might be elected.

— CT —

Well, that's enough on Proposition 9 for the moment, so I will endeavor to close up the column with this remark: A tax spending politician had just returned home after a political meeting wherein he was attempting to sell the people on voting against Proposition No. 9.

— CT —

Wife to aspiring politician: "How was the applause after your speech?" Wherein the politician answered: "It sounded like a caterpillar in sneakers romping across a Persian rug." . . . And this is about the kind of applause he will continue to receive, I hope, I hope, I hope.

SIERRA MADRE NEWS NOTICE OF TRUSTEE'S SALE LOAN NO. 10002089 5

On Tuesday, October 29, 1968 at 10:00 A.M. DIVERSIFIED SERVICES, INC., as Trustee, under and pursuant to Deed of Trust dated June 27, 1960 executed by JAMES C. BARRINGTON, a widower, and recorded August 1, 1960 in Book 71388, Page 972, Official Records of Los Angeles County, California, will sell at public auction to the highest bidder for cash (payable at time of sale) in lawful money of the United States, at the office of Diversified Services, Inc., 1225 North Gary Avenue, Pomona, California, all right, title, and interest conveyed to and now held by it under said Deed in the property situated in the County of Los Angeles, State of California, described as:

PARCEL 1: Lot "A" of Tract No. 4450, as per map recorded in book 48 page 12 of Maps, in the office of the county recorder of said county.

PARCEL 2: That portion of the subdivision of part of the northeast quarter of lot 25 of the Sierra Madre Tract, as per map recorded in book 6 page 180 of Maps, in the office of the county recorder of said county, and that portion of Tract No. 238, in said city, county and state, as per map recorded in book 14 page 37 of Maps, in the office of said county recorder, described as a whole as follows:

Beginning at the most southerly corner of said Tract No. 238; thence along the southwesterly line of said Tract No. 238, North 33° 40' West 120.61 feet; thence North 10° 53' East 187.72 feet; thence South 75° 17' 45" East 63.12 feet along a line which passes through the northerly terminus of the course recited in the deed to Albert R. Johnson and wife, recorded on September 1, 1953 as Instrument No. 1169, in book 42597 page 347 of Official Records, in the office of said county recorder as "South 14° 45' West 183.10 feet; thence South 52° 30' West 12.65 feet; thence North 69° 36' 50" West 10.07 feet; thence North 33° 40' West 46.70 feet; thence South 60° 26' 50" West 70.76 feet to the northeasterly line of the land described in the deed to Darrell M. Flanery and wife, recorded on December 5, 1960 as Instrument No. 1914, in book 35025 page 120 of Official Records, in the office of said county recorder; thence along said northeasterly line North 27° 49' 30" West 96.08 feet to the northerly line of the land shown on said subdivision, recorded in book 6 page 190 of said Maps; thence along said northerly line, North 73° 43' 30" East 30.50 feet to the northwesterly corner of said Tract No. 238; thence along the northerly line of said Tract No. 238, South 89° 53' East 169.95 feet; thence South 21° 15' 45" West 73.88 feet; thence South 43° 1' West 44.17 feet to the true point of beginning.

RESERVING from parcels 1 and 2 hereinabove described, an easement for storm drain and incidental purposes over a strip of land 8 feet wide, lying 4 feet on each side of the following described center line: Beginning at a point in the northerly line of said Tract No. 238 that is distant along said northerly line South 89° 53' East 108.68 feet from the northwesterly corner of said Tract No. 238; thence North 29° 01' East 20 feet, more or less, to a point in the northerly line of said lot "A," said last mentioned point being the true point of beginning; thence South 28° 01' West 20 feet, more or less, to the northerly line of said Tract No. 238; thence South 12° 31' West 81.18 feet to the southerly boundary of parcel 2 hereinabove described. The side lines of said 8 foot strip of land shall be prolonged or shortened as to intersect at angle points and to terminate northerly in the northerly line of said lot "A" and to terminate southerly in the southerly line of said parcel 2 hereinabove described.

ALSO RESERVING therefrom an easement for storm drain and incidental purposes over that portion of parcel 2 hereinabove described included within the lines of parcel 3, hereinafter described.

PARCEL 3: An easement for ingress and egress to be used in common with others and also for public utilities over that portion of Tract No. 238, as per map recorded in book 14 page 37 of Maps, in the office of the county recorder of said county described as follows:

Topic Will Be 'What Is Communion?'

The Rev. Richard J. Anderson of Sierra Madre Congregational Church, 170 W. Sierra Madre Blvd., will speak on "What Is Communion?" at the 11 a.m. worship service. The text is Romans 15:7, "Receive ye one another as Christ also received us to the glory of God."

Rev. Anderson says, in commenting on the sermon, "Communion is understood best when we see it as burden bearing. God was able

to have communion with man only after he first took upon himself the form of man, the nature of man, the limitations of man. Having done so he lived among us as a man, subject to all the experiences and pressures of human living.

"God has borne the burden of our life and its limitations. He understands weakness. He knows hunger. He has felt pain. The ultimate expression of his burden bearing is seen in his willingness to take our cross, our justice upon himself. 'Surely he hath borne our griefs and carried our sorrows.' He took into his own body and into his own experience all that had caused a wall to come between man and God and he destroyed it all in death and resurrection."

Rev. Anderson concludes with: "Now he calls us to commune with him. Now he asks us to commune with each other, by forgiving us. This is communion. Will you let it become a reality in your own experience on this World Wide Communion Sunday?"

Church school and adult Bible class will be held at 9:30 a.m.

Meeting

The San Gabriel Valley Begonia Society will meet Friday, October 11, at 7:45 p.m. at the Arboretum in Arcadia. Mr. Chuck Tagg of Fullerton and past president of the American Begonia Society will speak and show slides on "Research and Development of Begonias." Guests are invited to attend.

Rev. Armin Hesse Announces Topic

"An Education That Counts" is the theme for the Christian Education Rally Day of Faith Lutheran Church, 845 Hastings Ranch Drive, Pasadena. Under the direction of Dr. Donald Garner a new Bible study, "The Epistles of Peter," will begin at 9:15 while the Sunday school departments have their annual promotion Sunday.

The Christian Education Rally Day will continue during the 10:30 worship service when the Rev. Armin Hesse addresses the congregation on the topic, "The Christian's P-L-O About the Use of God's Word," based on Psalm 119: 124-126. The children of the Sunday school will form two choirs for this special service.

As part of the fall program of Christian education, two new classes will begin this week. On Wednesday evening at 7:30, Pastor Hesse will begin an in-depth course entitled, "Principles for Bible Study and Teaching." Many Bible and Sunday school teachers are expected to attend to assist them in their work. On Thursday evening at 8, Pastor Hesse begins the Adult Church Information Class for Non-members in which he will present the basic teachings of the church. These weekly lecture-discussions are open to all inquirers. The Rev. Mr. Hesse states, "While the sessions will aim to prepare attendants for church membership, no attendant will be obligated in any way to become a member upon completion of the 12-week course."

Fall Schedules For Church To Start Oct. 6

Next Sunday marks the beginning of the fall curriculum schedule at Sierra Madre Congregational Church. Church school superintendent, Mrs. W. Glenn Wunderly, III, announces that the fall quarter series of the Gospel Light Curriculum will be started at the 9:30 church school meetings of all grade levels.

Mrs. Wunderly, who is also chairman of the board of religious education for the church, is a graduate of UCLA where she majored in physical education. She is a member of Delta Gamma sorority. Prior to her marriage, she taught physical education at the junior high school level.

Mrs. Wunderly resides with her husband and their three children in the Hastings Ranch area of Pasadena. Her activities include the alumnae group of her sorority and volunteer work for the Republican party. Her hobbies are sports, sewing, arts and crafts.

Also beginning the fall schedule this week are the various choirs of Sierra Madre Congregational Church, under the direction of the Rev. Karl Beilstein. The rehearsal times are on Thursdays, beginning at 4:30 p.m. for the Junior Choir, 6:45 for the High School Choir, and 8 p.m. for the Chancel Choir.

"Dial 447-6162 and 446-2333 and receive a blessing," says Rev. Stevens.

Rev. M. Stevens Back In Pulpit

Rev. Margaret M. Stevens, minister of The Santa Anita Church, 226 W. Colorado Blvd., Arcadia, will return to the pulpit on Oct. 6 at 11 a.m. Rev. Stevens has been of the guest speakers at the International New Thought Alliance — British Congress. She is director of Young Adults of New Thought Alliance. Her subject will be "How Big Is Your God?" This is Communion Sunday as well as Homecoming Sunday. Communion will be at 9:45 a.m.

We are blessed to have Mr. and Mrs. L. L. Kelley guide the youth of The Santa Anita Church. They meet at 7 p.m. on the first and third Sundays.

The Business and Professional Women of The Santa Anita Church announce a meeting on Oct. 1 at 7:30 p.m. when Selma Raphael Shenbaum, the speaker, will have as her topic, "Effective Prayer."

Thursdays at 11 a.m. there is a class in successful living led by Lucille De Merschan on Oct. 3. There is a time for prayer requests. Why not bring a sandwich and plan to stay to be of service after the class to prepare for the Boutique on Oct. 24, 25 and 26.

We have a very fine program for children which meets in the sanctuary every Sunday at 11 a.m. and after a 15-minute worship service continue in graded classes from pre-school through seventh grade.

Bridal Shower For Bride-elect Susan James

The home of Mrs. Charles Wilson at 109 N. Lima was the scene of a recent miscellaneous bridal shower honoring Miss Susie James, daughter of Mr. and Mrs. Dick James of West Highland Ave. and the bride-elect of Mr. Robert Quarnstrom.

Games, door prizes, and the opening of many beautiful and useful gifts, followed by serving of the refreshments, were the order of a bridal shower that had originally been planned as a surprise for the honoree who became aware of the party almost at the final hour. This did not mar the success or excitement of the event in any way.

Beautiful decorations were very much in evidence in the form of red paper hearts and blue and white streamers. A serving table with a canopy of the blue and white streamers was set up with coffee, tea, iced tea, punch, nuts, pastel colored candies and a large cake which was really two heart-shaped cakes with the names of the prospective bride and bridegroom side by side with a Cupid's arrow piercing them. Helping serve at the buffet table were Misses Sandy James, Patty Kennedy, Marsha Wilson and Lisa Quarnstrom.

Those attending were Mrs. Owen Kiggins, Mrs. Hermos, Mrs. Bobbie McNeill, Miss Teri Colbert, Mrs. Leo Kennedy and Miss Patty Kennedy, Mrs. Oliver Abraham, Mrs. Don Van Iersel, Mrs. Ted Quarnstrom and the Misses Doris and Lisa Quarnstrom. The mother, sister and paternal grandmother of the bride-to-be, Mrs. Betty James, Miss Sandy James and Mrs. Elita Wilson, also attended.

Out-of-town guests were: Mrs. Paul Couture from Glendora; Mrs. Fred Tervet from Duarte, and Mrs. George Price, also from Duarte.

Those invited, but unable to attend, who sent their best wishes anyway, were: Mrs. Robert Shadworth, Mrs. Robert Osti, Mrs. Lou Hoffman, Mrs. Robert Kelley, Mrs. Frank Van Winkle, Mrs. Richard Hicks, Mrs. Jim Stark and Mrs. Jim Heasley, Jr.

The young couple has planned an afternoon wedding at the Sierra Madre Congregational Church and set October 6 as the date of their marriage.

Eaton Canyon Golf Scores

A "Nassau" tournament was played by Eaton Canyon women. Taking low net in the first nine holes were Nanata Francisco with net 30½, Elaine Hauck 33, Gretchen Mikolczyk 33, and Ruth Dunning 33.

Second nine hole winners were Pres Shackett with net 30½, Beverly Whitaker 31½, Marietta Kermod 32½ and Marguerite Frederickson 34½.

Taking over-all low net for 18 holes were Dede Dager with net 70, Flo Temmesteld 70, Marge Phelps 71, and Peg Simpson with 72.

Lesson-Sermon For Sun., Oct. 6

"Unreality" is the subject of the Bible Lesson-Sermon in Christian Science churches this week. The Golden Text, from the Gospel of John, is "Judge not according to the appearance, but judge righteous judgment."

Among related passages to be read from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, is the following: "Human thoughts have their degrees of comparison. Some thoughts are better than others. A belief in Truth is better than a belief in error, but no mortal testimony is founded on the divine rock. Mortal testimony can be shaken. Until belief be-

comes faith, and faith becomes spiritual understanding, human thought has little relation to the actual or divine."

Softball League Closes Season

The Sierra Madre Girls Softball League participated in the recent Ponytail Tournament in Long Beach. Outstanding girls chosen to compete were Deanne Arnaud, Mary Jo. Brown, Cathy Bullard, Sheri Carlton, Mary Collins, Geri Dapper, Meg Duran, Randi Feuerhelm, Laura Hernandez, Carol Peppin, Janet Ross, Linda Sleeper, Debbie Tucker, Kathy Woodward, Mary Terese Young and Diana served as bat girl. Manager Betty Halverson was assisted by Coach Jerry Carlton. The team was eliminated in the second round in an exciting 5 to 3 finish.

The League is planning a picnic to close the season on Sunday, Sept. 29, at 2 p.m. in Sierra Vista Park. Trophies will be presented to Betty Halverson's Tigerettes, coached by Cathy Bullard, and the second place Green Hornets, managed by Marian Adkins and coached by Jerry Carlton. These trophies have been provided by Hartman's Pharmacy, Sierra Madre Hardware, Gullett & Harris, Visual Sales new boy's department and the Adkins Insurance Agency.

President Bruce Peppin and Player Agent Jerry Carlton have announced that a team for Senior High

Girls will be offered in the spring and registration will be announced in the newspaper during the beginning of February.

Recreation Activity

Vista Park. Included in the plans will be a dual fire-place. One portion will lend atmosphere to the lounge area while outside a fire-place and barbecue will provide and set the mood for additional activities associated with dances and barbecues.

The new proposed facility will be available for use of private groups on a scheduled basis as well as for regular City recreation department activities. Besides the lounge and game area, meeting rooms will be provided one of which will include a small kitchenette for keeping food warm and preparing coffee for the use of groups when they meet.

A recreation office will permit supervision of the game room/lounge area as well as in the larger activities wing, which can be used for physical activities as well as displays and similar events. The activities area will itself be dividable into two smaller rooms. The net result will be a versatile park building that will serve a wide variety of activities for all age groups and will be a valuable recreational asset to the city for a good many years to come.

The project will also necessitate the overdue removal and relocation of the street which serves the City yards (and bisects the park) to a much less conspicuous location along the park's western boundary.

City Administrator Norman Boehm noted that the estimated cost of the building would probably be in the \$75,000-\$90,000 area and that this project would not interfere with the construction of the civic center which has top priority and which is proceeding on schedule.

Letters To The Editor Reflects Opinions :

Dear Editor:

Believe it or not, our great(?) Supreme Court has ruled that a convicted criminal doesn't have to register his gun and can't be prosecuted for failing to do so.

If a national gun registration law is passed, every law-abiding citizen would have to register his weapon or face a fine and/or imprisonment; but no one ever convicted of a felony would have to register his gun, because on January 29, 1968, the U.S. Supreme Court announced its decision in a case Haynes vs. US, No. 236, which had arisen under gun control laws already on the books. (Section 5841 and 5851 of the Internal Revenue Code). The Court said that a person whose ownership of a firearm was illegal, because he was a convicted criminal, could not

be forced to register it, or prosecuted for having it in his possession, because this would violate his rights under the Fifth Amendment against self-incrimination! Perhaps the objective of gun registration now is confiscation later. Only a totalitarian, tyrannical government need fear its own citizens.

—C. C. Moseley

To Whom it may concern: Dear Friends:

We don't know your name. All we know about you is that you have a late model Cadillac, a 27-ft. Airstream tandem wheel trailer parked at "Jessie's Place" in Rosarita, Mexico, and you were just returning from the bull fights. The lady's name is Linda. Other than that, all we know is that you befriended strangers when they really needed help. When we almost lost control of our car and trailer on Highway 395 on Sept. 8 of this year, late at night, no less. We were returning

from a weekend at San Diego. You changed a tire for me, you directed me off the highway, you helped in countless little ways, because I was too shook, nervous and upset to even think straight.

We just want you to know how much we appreciated your help, we only wish there was some way to show you how much we thank you. Perhaps this will help.

Please acknowledge if you see this in the paper. Thank you again. It's so grand to know there are still real wonderful people left in this old world of ours.

Sincerely yours,
—Wayne Coffman

Dear Editor:

Perhaps the most noteworthy characteristic of the system of checks and balances so intricately woven into the fabric of our government. It is this system of checks and balance which

ultimately guaranteed our Republican form of government but which has been, as Ben Franklin warned, hard to retain. Slowly but surely it has been weakened by a legislature, which has acquiesced to both presidential power and a Supreme Court which has felt called upon to rewrite this Constitution.

It is this same system which requires the Senate either to reject or confirm presidential appointees. In the Justice Fortas case, we see the Senate in the position of offering a check both to the Executive and to the Judicial.

It is altogether proper that the Senate not confirm the appointment of Abe Fortas to the position of Chief Justice. If the Senate chooses not to confirm the Fortas appointment because of his close associations with Communists — either in defending them or belonging to their fronts; or because of his having been a special advisor to the

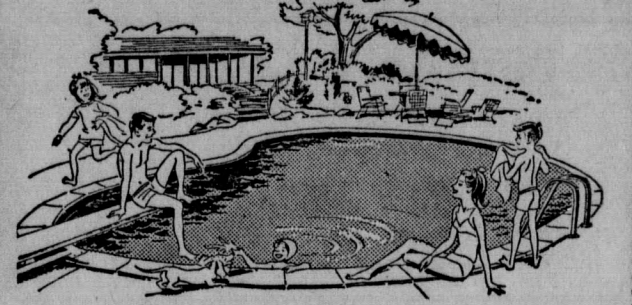

President; or for his accepting fees for lecturing on college campuses; or for his involvement in Supreme Court decisions which the Senate feels have favored the widespread decimation of smut — all of these are sound reasons for the Senate to reject the nomination of Abe Fortas.

Perhaps the members of the Senate feel it is about time they assert themselves and re-establish the Legislative Branch on an equal level with the Executive and Judicial Branches. Perhaps they really want to maintain the Republican form of government and, with the rejection of Abe Fortas, possibly stop another liberal appointment to an already too liberal Supreme Court.

For a better understanding of the Senate's jurisdiction in this case, one should read the Federalist Papers, numbers 75 and 76. Don't be surprised at how well Hamilton called the shots!

Congratulations to Mrs. Frances Selleck of 48 West Sierra Madre Blvd. At a special luncheon ceremony at Descanso Gardens, hosted jointly by the Board of Supervisors and the Los Angeles County Employees Association, Mrs. Selleck was one of 41 County employees who received recognition for years of service. She was presented a charm bracelet symbolizing 35 years of service by Supervisor Kenneth Hahn. Incidentally the employees honored totaled nearly 1,000 years of service!

— ☆ —
More congratulations . . . This time to three Sierra Madre girls who were among 78 entering freshmen at Pasadena City College who were candidates for honors at entrance. This is a status achieved by a 3.5 or better grade average in all high school courses. The three smart girls . . . Juliana Draska, Sheila Fisher and Joan Thiel. Keep up the good work!

Someone sent us a clipping from a Redlands (California) newspaper which told about the death of a former Sierra Madrean, 84 year old Mrs. Blanche S. Luper, artist and former professional librarian. The clipping was a little old — May 28 of this year — but perhaps there are some that remember her. She must be a member of the American person. Mrs. Luper, a native of New York, and a member of the American Library Association and the National League of Penwomen was a graduate of the Wisconsin Library school. She met and married Cambridge F. Luper, assistant executive secretary of the Panama Canal in Balboa Heights when

she was the organizer of the Panama Canal Library. Prior to her marriage, and in addition to serving in the Canal Zone and Panama, Mrs. Luper also served as a librarian in the Philippines and in various centers in the United States. After marriage, she turned her interest to art, studying in Paris and New York, and her studio in Panama became a show place of art works.

Mrs. Luper painted not only in Panama but in Colombia, Costa Rica, Guatemala and Mexico and her exhibitions have been in New York and other leading art centers.

The Luper's made their home in Sierra Madre for some years before moving to Redlands where Mrs. Luper was, for the last three years, a Fellow of the University of Redlands. Her husband survives her passing and resides at 8 E. Palm Avenue in Redlands.

A traditional family birthday dinner party was held for Miss Rebecca Bodor, daughter of E. A. "Bill" and Lydia Bodor of Montecito, at the home of her aunt, June Panattoni of Rose Villa Ave. in Pasadena, on Saturday evening, Sept. 21. Also attending the fun evening were Rebecca's parents, her brother, Bruce, and sister, Melody, and her two "aunts," Ruth Panattoni and Goldie Gonsen. Becky was 8 on Sept. 19. Happy late Birthday Greetings, Rebecca.

— ☆ —
Happy Birthdays to Miss Robin Evans, who observed her 6th birthday last week on Sept. 20, and to her big sister, Miss Candy Evans, who celebrated her 10th birthday this past Sunday, Sept. 23. Congratulations, and many more!

— ☆ —
Mr. and Mrs. Gerald Bryan and son, Scott, had forgotten how hot it could get in Tucson, Arizona. They soon remembered when recently they were required to make a business trip to that part of the country. Even though the trip was short and quick, they were able to fit in a dinner engagement at a local nitery with former neighbors, Mr. and Mrs. Lester Stuckey. Gee, with all this cool weather we've been having, some of that warm weather would be welcome, huh?

WORLD SERIES TO BE A PITCHERS' BATTLE . . .
OLD HANKUS predicts that the outcome of the World Series will depend more upon the hurling than the hitting. That's quite a statement with sluggers around like Willie Horton, Norm Cash, Orlando Cepeda, Bill Freehan and Roger Maris.

How can you expect anything but a pitchers' battle when Danny McLain takes the mound against Bullet Bob Gibson? These two figure to square off probably three times in the series and Jim Lonborg of Boston will testify that Gibson is noted for his series heroics.

OLD HANKUS HAD A PIPEDREAM . . . FIRST GAME — Gibson outduels McLain as Lou Brock singles, steals second and rides home on Curt Floods basehit to provide Cards with 1-0 decision on homefield.

SECOND GAME — Nelson Blyden pitches well for Cards but needs relief help during late-inning Tiger splurge but Mike Shannon's homer and double account for four tallies to pace 6-4 Cardinal victory. Orlando Cepeda hits homer for Cards while Willie Horton and Bill Freehan knock roundtrippers in losing Tiger cause. Earl Wilson takes the Tiger loss.

THIRD GAME — Tigers bounce back in Detroit as Mickey Lolich fires 3-hitter and mates bomb Steve Carlton for 7-1 verdict. Al Kaline and Jim Northrup contribute home runs while Freehan gets three hits.

FOURTH GAME — McLain evens series by outpitching Gibson as Cardinal bats are silenced for second day in a row. Tigers manage to nudge across two unearned runs while Cards pick up just five scattered hits and its 2-0 Bengal win.

FIFTH GAME — Joe Sparr and Ray Washburn hook up in a classic mound duel with the Cardinal ace allowing just 3 hits and winning 1-0 as Cardinals take full advantage of just four hits including Flood's triple followed by a Cepeda double. Cards lead series 3-2 as they go back to St. Louis.

SIXTH GAME — Cards hoping to win it all in six games run into Lolich again and the Tiger hurler continues mastery with a 4-2 triumph. Big blow of the day is a grand slam homer by Willie Horton off of loser Ron Willis in relief of Nelson Briles.

SEVENTH GAME — Bullet Bob does it again. Just as he did in 1967 when he won three games against the Boston Red Sox, the Cardinal fireballer clinches the series for the National League by firing a 10-strikeout 6-hitter good for a 5-2 victory over McLain. Brock's two runs and three stolen bases, a triple by Flood and a brace of doubles by Tim Lincecum provide the offensive spark.

CARDINALS WIN SERIES IN SEVEN GAMES . . .
AND NOW TO FOOTBALL . . . Old Hankus got off to a dandy start in the pigskin prognostication derby, with just four losses showing on the 20-game picking slate. Thing of it is they get tougher from now on.

PASADENA HIGH to dump Montebello . . . **CENTENNIAL** over Muir . . . **BLAIR** to bounce Cathedral . . . **PASADENA CITY COLLEGE** by two TDs over Rio Hondo. All four of the local schools got off to winning starts last week and only Muir will fall this trip around.

O. J. SIMPSON and the USC Trojans should have little trouble with Northwestern . . . **UCLA** with Pasadena's Jim Nader at the QB controls will handle Washington State easily . . . **OREGON STATE** will smash Utah . . . **STANFORD** should dominate Oregon . . . **WASHINGTON** by two touchdowns over Wisconsin . . . **CALIFORNIA** to edge Colorado but watch out for an upset here . . . **PAC-8** stands 5-1-2 with outside opponents.

MIAMI FLA. to edge by Georgia Tech in a strictly toss-up type clash . . . **MIS-SOURI** over Illinois . . . **KENTUCKY** over Mississippi in a jazzy piece of guesswork . . . **LSU** to squeeze by Rice in another tough one . . . **NOTRE DAME** to avenge year's loss to Purdue with a 2-point verdict over the rugged Boilemakers . . . **SAN DIEGO CHARGERS** to dump Cincinnati.

CLIMB-CRAWLERS . . . **CLEVELAND BROWNS** to upset the Rams in the midwest . . . **MICHIGAN** will pull the rug out from Duke . . . **KANSAS** will surprise Indiana . . . **NEBRASKA** to upset Minnesota.

FREEDOM

commission meeting of the Community Party, it was revealed to all comrades that Alan Cranston of Los Altos was preparing to form a new organization consisting of California Democratic Clubs (CDC). All Communists were also instructed to take with them into the CDC all left-wing, sympathetic, liberal, socialistic elements from the Independent Progressive Party.

The CDC did organize and, according to Prussion: "Communists direct the policy. For example, at the 1960 convention of the CDC held in Fresno, the entire platform of the Communist Party was adopted in toto."

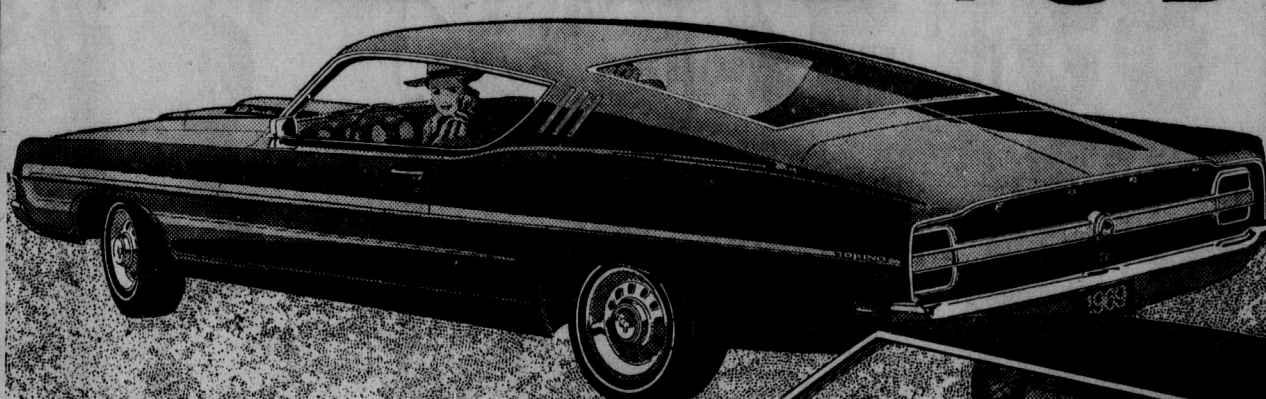

And this is the organization founded by Alan Cranston! There you have a picture of the real Alan Cranston who will represent the people of California in the United States Senate unless he is defeated in November by Dr. Max Rafferty!

Boutique Noel October 5th

This season, Saint Rita's Guild of Sierra Madre will add another facet to their Christmas jewel, the "Boutique Noel."

According to president of the Guild, Mrs. Edward Gzregorowski, a champagne-and-canape preview of the Boutique will be held on October 5 at the Charles Boggs residence in Arcadia. The 4-to-8 p.m. affair will be under the direction of Mrs. James Venhovek, ways and means chairman, and Mrs. Roger Morshart, arts and crafts chairman.

In former years, Mrs. Morehart has creatively masterminded the Christmas Boutique for Guild members at a day-time affair. This additional preview will afford all parishioners and their friends the opportunity of viewing gifts and holiday decor which may be ordered at the time.

Tickets may be obtained by calling Mrs. Oliver Green at 445-1872.

Cystic Fibrosis Guild Meeting

The Cystic Fibrosis Guild held its monthly meeting at the home of Mrs. Eugene Rode on Thursday, Sept. 26, on Fairpoint Road, Pasadena. Assisting Mrs. Rode as co-hostesses were Mrs. William Olson and Mrs. John Thompson.

The business of the day under the direction of the new president, Mrs. Henry Smith, was the final report from all chairmen for the fund-raising benefit to be held Oct. 4 at Brookside Golf Clubhouse. The 1968 benefit will be the Men's Amateur Golf Tournament followed by dinner and dancing in the Brookside Clubhouse Banquet Room. Mrs. Eugene Rode and Mrs. Matthew Slaving are co-chairmen of the benefit.

Mrs. Smith introduced the new provisional members: Mrs. Raymond Considine, Mrs. John Fricke, Mrs. Richard Kessler, Mrs. Howard Morgridge and Mrs. Lewis Shackett, to the Guild members.

Youth Soccer

held to match the time limitations of the helping parents. Boys from adjoining communities will again be welcome, however preference will be given to returning players and local boys.

The two playing fields in use this year are Sierra Mesa School in Sierra Madre and Foothill Jr. High School, Arcadia.

Guidance and lectures are planned for assistant coaches and if possible there will be a repeat of a referees course recently given by Mr. Norman Adams of Sierra Madre for over 50 interested AYSO adults.

with a win over the tough West Covina Eagles 26-0. Last week the Bulldogs beat the West Covina Trojans by a 32-0 score. James and Steve Tartaglione from Hastings Ranch and Vince Grippi from Sierra Madre helped their team to a 2-0 record so far this year. Head Coach Claude Brown and Asst. Coach Scott Brown are also Sierra Madreans.

The crusher of the afternoon came when the powerful Midget Bulldogs rolled over a hapless Avocado Heights Green Hornet team 61-7. This was the second straight top-sided victory for experienced Bulldogs winners last week 39-7 over the West Covina Broncos.

The middle of the defensive line is held down by Sierra Madre boys Tom Nickoloff, Scott McKay, Bart Bradley, Mike Rouse and Steve Hardy along with Tom Tartaglione and Rob and Steve Duncanson from Hastings Ranch.

The final game of the day saw the Junior Bantam Bulldogs upset the San Bernardino Vikings 26-6. The J.B.'s losers last week were not to be denied as they struck for two TD's in the first half and two TD's in the last half to hand the Vikes their first defeat.

Sierra Madre boys who helped make the victory possible were Eric Skarin, Paul Hardy, Ron Biely, Scott Haynes and Michael Cozens.

All four teams, in two weeks, have scored a total of 255 points to the opposition 46. The Pee Wee Bulldogs have yet to be scored upon.

Fire Prevention

sure that it's safe, you can try the stairs, keeping as close as possible to the floor and never wasting time getting dressed or picking up valuables.

If you have a fire extinguisher in your home for small fires, all the children in your family old enough to operate the extinguisher should be taught how to do so. Also, teach them how to maintain it.

Don't try to be a hero, and tell your children not to attempt it either. If you see that you can't control the spread with the extinguisher, get out and call the fire department. Close the doors behind you and make sure everyone else is out. Never go back into a burning building after some previous belonging.

Many deaths last year occurred during the hours of 9 p.m. and 7 a.m. Home fire alarms could have warned these victims in time. But few people have ever bothered to protect themselves with this device. Check into the possibility of obtaining one.

Meet Police Officer Christensen

tated a trip, prior to President Kennedy's trip to Europe, to set up Alert Recall systems in France.

After discharge from the Air Force in 1963, and failure of plans for a construction business to materialize, Chris worked for a hardware firm doing specifications and for the Forest Service as an Engineering Aide until he decided he needed a position or occupation — that he really liked — with more of a future that offered him better benefits and opportunities. About this time, the Sierra Madre Police Department ran a job advertisement in the newspaper classified section for ONE police officer, and Chris was one of 53 aspiring young men who saw the ad and applied. After written, oral and physical examinations, Chris placed first among the 53 applicants and was hired at that time, August, 1965.

Recent congratulations were in order for the Officer, who is Police Reserve Coordinator and in charge of the Police Photo Lab. On Saturday morning, September 21, the Christensen's second child was born at St. Lukes. Weighing 7 pounds 6 ounces at birth, the healthy young lad has a "Big Brother" (two years old next month) who will welcome him and a big brother him. Chris' remarks before the baby's arrival: "It will be a boy," were followed after September 21 by, "I knew it would be a boy."

This Officer has the exceptional quality of exuding great confidence that assures you he will know exactly how to handle the situation, what ever it may be, and will do so without any hesitation or uneasiness. A very friendly, outgoing person, without being intrusive, Chris is an active member of the F.O.P. (Fraternal Order of Police), Lodge No. 5 in San Gabriel Valley and was just recently elected Sgt. at Arms. (Officer Edward Reiley is the secretary - treasurer.) Officer Christensen is also a member of the NRA and belongs to the Southern California Police Officers Training Association.

Collecting guns and more specifically collecting antique guns are hobbies, while in collecting coins and stamps, he "dabbles." Perhaps working in the yard of the Christensen family home in Glendora could be listed as a hobby as Chris admits to a "green thumb" and likes it too.

A game of golf seems to take precedent over all and Chris, who states sheepishly, "my wife is a golf widow," can be seen on the greens as often as not.

When queried about an unforgettable incident, Officer Christensen could think of several. One was finally finding a burglar, one night in a darkened Roberts Market, quietly hiding in a corner, after having looked for him in, around, under practically everything including the "eggs and cabbage." Then the time a citizen of our community, armed with a gun, barricaded himself in his home. Chris repeatedly tried to talk him out of the house and the suspect, after the

Mother-Daughter Pool Party Oct. 6

Camp Fire girls in Sierra Madre will begin their year with a big splash — a mother-daughter pool party on October 6 at 2 p.m.

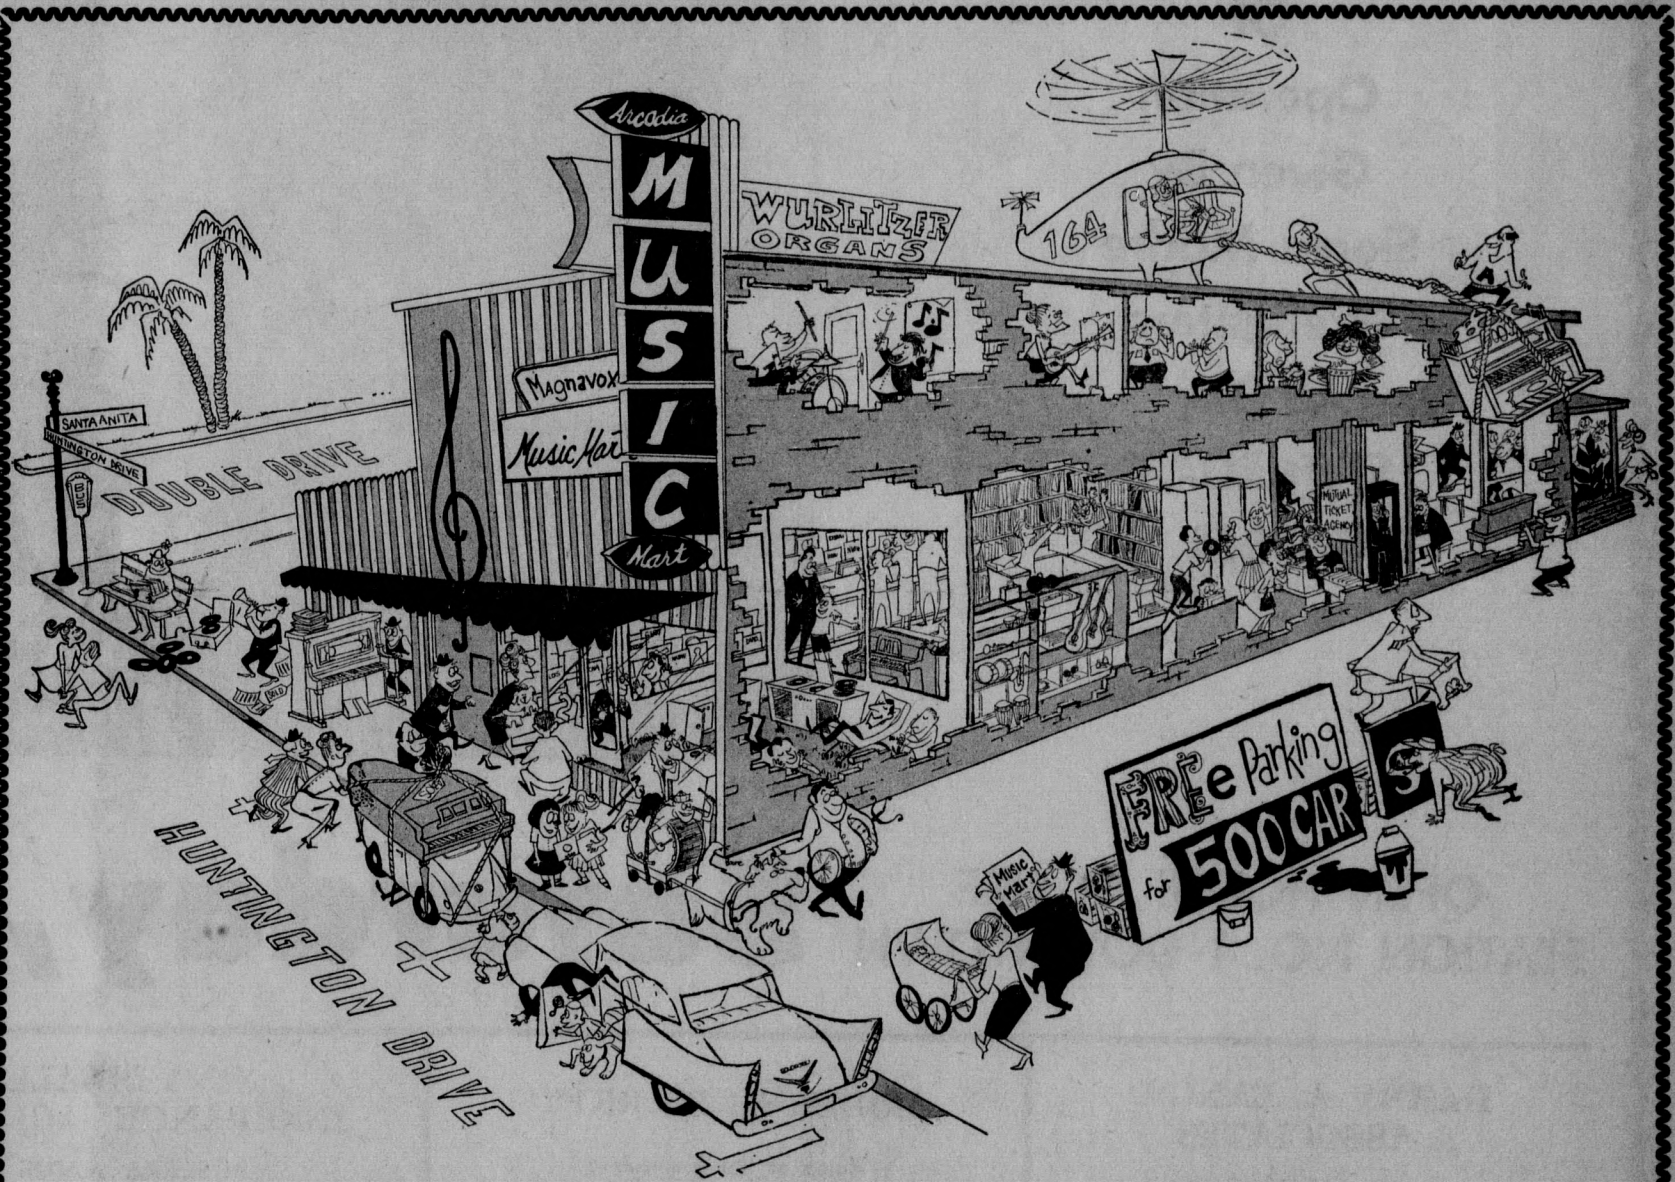

The Sierra Madre pool will be available that afternoon only for Camp Fire and Blue Bird girls from second grade through seventh with their mothers. Door prizes for this special event have been donated by Arnold's Hardware and Sierra Madre Hardware. Refreshments will also be supplied and plenty of fun, too.

Mothers can swim, talk and enjoy the afternoon with their daughters. All interested girls and their mothers are welcome. Working hard during the summer to make this a really happy occasion were Mrs. Walter Wesley and Mrs. James Holt.

exchange of a few shots with one of the other officers, was finally routed out by the use of tear gas and taken into custody.

As a member of the Sierra Madre Police Department, a most likeable team — both individually and collectively — this officer started working toward a BA in Police Science (Criminology) in 1965 with his final goal being the attainment of a law degree. After attending Citrus College and L.A. State, he will be taking classes at Cal Poly starting next February.

We're proud to know you, Officer Christensen and happy you are in our community.

Fire Prevention Week

The week of October 6-12 marks another anniversary of the Great Chicago Fire of 1871. This week, proclaimed Fire Prevention Week, is observed annually throughout the United States and Canada.

The Sierra Madre Volunteer Firemen along with the Fire Prevention Bureau personnel, will conduct various Fire Prevention activities throughout the week which includes visits to the schools demonstrating the City's fire apparatus, presenting films and talks to many local civic organizations, finalizing a three week course in Firemanship offered to the Boy Scouts, and concluding the week with the annual open house at the main station on Sierra Madre Boulevard, October 12, 10 a.m. to 4 p.m.

Fire Chief Charles Brown and Chief of Fire Prevention Richard Ludden join in asking everyone to observe Fire Prevention Week by taking time to answer the following questions relating to Fire Safety in your home, keeping in mind that any "No" answers require your immediate attention and should be corrected:

SMOKING

1. Are matches and lighters kept out of the reach of small children?
2. Is smoking in bed outlawed in your home?
3. Are you aware that ashtrays should not be emptied into waste baskets?
4. Are you careful not to smoke around flammable liquids or other dangerous combustibles?

RUBBISH

1. Are basements, attics, closets, garages, and such out-of-the-way places kept free of rubbish?
2. Are all oily rags kept in a tightly closed can?
3. Do you dispose of rubbish daily in metal cans outside your home?
4. Are ashes, or embers from any stove or fireplace removed outside and isolated from anything that might catch fire?

ELECTRICITY

1. Do you use the proper size fuses? (15 amp fuses for lighting circuits).
2. Are frayed electrical cords and broken plugs replaced immediately?
3. Are you careful not to run extension cords under rugs or hook cords over nails?
4. When purchasing electrical equipment or appliances do you look for the Underwriter's Laboratories stamp of approval?

HEATING AND COOKING EQUIPMENT

1. Is your heating and cooking equipment, including flues and chimneys checked at regular intervals by service men?
2. If you have a fireplace, is there a screen always placed in front of it and spark arrestor on the chimney?
3. Do you check your furnace and chimney to be sure they do not overheat?
4. Is your home free of makeshift heating and cooking devices?

FLAMMABLE LIQUIDS

1. Do you specify non-flammable when buying paint removers, thinners, etc?
2. If you must have small amounts of flammable liquids around the house, do you keep them in tightly closed metal containers? (Never glass.)
3. Do you make it a rule never to use gasoline or benzene as cleaning agents in your home?
4. If you do use flammable liquids, do you use them outside, away from sparks, flames, or lighted tobacco?

Checked Spending

A yes vote on Proposition No. 9, the constitutional amendment on the November 5 ballot designed to reduce property tax rates 50%, was urged this week by the Progress Association of Los Angeles County, a non-profit corporation of business and labor leaders dedicated to the development of the greater Los Angeles area.

The announcement of support for the property tax limitation initiative was made jointly by executive director Fred Gage, San Fernando Valley business executive, and board member Fred E. Weeks, business manager of Local 761 of the Plumbers and Fitters Union.

The resolution adopted by the Board of Directors of the Association stated, "Passage of Proposition No. 9 will force long overdue tax reform and restore fiscal responsibility on the part of the governing bodies of the 5700 separate taxing districts in California.

"A constitutional property tax ceiling will force the spenders to seek other means of revenue and in doing so force a justification of the added expenditure to the public in general, thereby restoring voter control over government."

In announcing the Progress Association's unqualified support of Proposition No. 9, Gage and Weeks said that all businessmen who own property should recognize that passage of the property tax limitation initiative will call a halt to the extravagant and reckless spending programs of local government.

Provisions of Proposition No. 9 include establishing a property tax ceiling of 1% of market value, restricting the use of property tax revenues to property-related services such as police and fire protection, street maintenance, sanitation water, etc., and shifting school and welfare costs to the state over a 5-year period.

Offices of the Progress Association are located at 1956 N. Cahuenga Blvd., Hollywood, Calif. 90028

"Can you trust your impulses?" asks the Greater New York Safety Council, as published by the Long Island Lighting Company. "In an emergency, the experts say 'No'! For instance: A woman, awakened by the smell of smoke, flung her bedroom door open — and was literally roasted alive in the hall. (No firefighter would ever open a door without first testing it for heat. A warm knob or panel indicates flame or heated suffocating smoke on the other side.)"

As observed in the AMA News, published by the American Medical Association, the taxpayer's most common mistake in itemizing 1967 deductions was failure to include one-half of first \$150 spent for medical and hospital insurance, says the Internal Revenue Service. The federal government was flooded with amended returns. Another common mistake was failure to include transportation expenses for medical care.

DR. HENRY V. WITTY

Alan Cranston is running against Dr. Max Rafferty for the office of United States Senator from California. Let's dig deeply into the dusty archives and acquaint ourselves with the real Alan Cranston.

According to Karl Prussion, former F.B.I. counter-spy within the Communist conspiracy, "The Dublin Conference (on world government) assigned Cranston to carry its Declaration to the United Nations delegates in February, 1946, laying plans for converting the United Nations Assembly into a world government having direct jurisdiction over our nation and the individual, thereby stripping the United States of its autonomy."

Using a government document as evidence, Prussion continues: "Ten days after Pearl Harbor, this relatively unknown person 'mysteriously' landed a top government job as chief of the Foreign Language Division of the Communist-riden Office of War Information (OWI). The Attorney General's office investigation during his (Cranston's) short term as chief revealed that Cranston 'moves in Communist circles' and 'that his friends seemed to be fellow travelers with Communist sympathies.'"

"... Cranston's writing opposed registration of aliens. Cranston was denounced in Congress because he came out in support of Communist Harry Bridges... and in many respects parallels the program of the Communist Party."

"Cranston was instrumental in having Communist stalwart David Karz (alias Carr) appointed as assistant chief of the Foreign Language Division of O.W.I. "Cranston's chief of the Italian Bureau of the O.W.I. was Carlo A. Prato, alias Perini, alias et cetera, expelled from Switzerland as an agent of the Communist International and listed by the New York police as 'payoff man for the Soviet secret police.'"

According to Prussion, "The Communist 'party line' influence injected itself into Cranston's brief Army career... For example 'Army Talk-Orientations' Fact Sheet No. 64 followed the Communist line to the let-

ter. This subversive document was officially credited to Lt. Col. Julius Schreiber, but it was the brainchild of Sgt. Alan Cranston, whose initials appear on the original draft. The Daily Worker, official Communist organ, quickly reproduced Fact Sheet No. 64."

Prussion divulges how Cranston, shortly after being elected president of the United World Federalists, went to the notorious Artie Samish with a plea to Artie to use his lobbyist power to force the pro-one world resolution through the California legislature. According to the former FBI counter-spy, "the conversation between Artie Samish, political gangster, and Alan Cranston was arranged by Paul C. Smith, who telephoned Room 428 of the Senator Hotel, lobbying headquarters of Arthur H. Samish. Mr. Samish at one time stated, 'To hell with the governor of the state! I'm the governor of the legislature.' Governor Warren once stated: 'Or matters that affect Artie's clients, Artie unquestionably has more power than the governor.' Artie Samish is reported to have been the lobbyist for the Anti-Defamation League and boasts that he killed the Tenney Loyalty and Anti-Communist bills which were introduced to impair Communist infiltration and sabotage."

"The pro-one world government resolution passed unanimously after 11 assemblymen absented themselves because they were afraid to vote against Samish."

At a later date an aroused citizenry demanded the rescinding of the resolution. During the ensuing battle, Mrs. Emily Nolan Jordan, chapter leader of the United World Federalists in Palm Springs, confessed to forging 49 signatures to telegrams against the new bill. According to Karl Prussion, Alan Cranston during a hearing about this scandal in March, 1950, admitted that the forged telegrams were sent with his direction and approval. (He was then state chairman of the UWF)."

The former FBI counter-spy tells us (and he should know): "During the winter of 1952, at a section political

The good folks down at RTD should be commended for their actions in improving some old lines, and adding some completely new service. Here is a thumbnail description of some of those improvements. The 151 line in El Segundo, is a new local line within the city limits that connects shopping and financial areas to the downtown business district.

The 176 line is also completely new and provides more direct bus service from the Watts-South Central Los Angeles area to Beverly Hills, UCLA, Brentwood and Pacific Palisades. Not only can a person save up to 45 minutes travel time, but you can save yourself a bundle on the fare. Four trips a day are offered in each direction during rush hours beginning as early as 5:40 a.m.

The 87 line is a new service to Ramona Gardens, connecting the housing project area with General Hospital. The line provides connections with the 50 and 92 lines on Soto Street.

The 89 line (due to the completion of Fairfax Avenue between Venice & Adams) has been extended to Washington & Adams. The extension will offer connections to major east-west lines, direct connections to Culver City and the Santa Barbara-Crenshaw shopping complex. Next time you see Councilman Edelman, give him a pat on the back for his part in this much needed extension.

Just because summer is on its way out, doesn't mean you can't see the places you missed during vacation time. In fact, places like Disneyland, Knott's Berry Farm and Marineland are even better now that some of the rush is over. Send for a 21-Tour Guide" and a system map, and take in one of these relaxing fun spots. Junior has had his, now it's time for us older kids to have ours.

Q. Could you please tell me where I can buy a monthly pass in the Glendora area? I work at City of Hope and could use the pass, Mrs. S.L.

A. The Azusa RTD/Greyhound office at 137 East Foothill handles RTD passes.

Q. We are moving to Sierra Madre and my husband works on South Lake in Pasadena. Is there bus service, and how would he use it? Mrs. U.L.

A. The 67 line serves Sierra Madre. This line connects with the 108 line on East Colorado going west, past Lake Avenue. You picked a very lovely city to move to.

Q. I saw the results of the poll taken by the San Gabriel Tribune and I'm sick. What can I do to get Rapid Transit? Mrs. L.L.C., West Covina.

A. The best way I can think of is vote. The power of the vote is as strong today as it was in the days of Jefferson.

Q. Does RTD have a bus to Etiwanda from Alhambra? R. O. C.

A. Not directly, but by taking the 53 line on Valley to El Monte station and changing to the 60 line, you can get to Etiwanda. I'll send you a map and timetables.

Send your questions to Artie Dee, Transportation Editor, care of this newspaper. All questions will be answered in the column, or by mail. A system map will be sent FREE to each person writing in. NO STAMPS OR STAMPED ENVELOPES ARE NECESSARY.
